ADMINISTRATOR'S REPORT September 2006

Subarea Health Planning Councils (SACs) Activities

- Hawai'i** The SAC will begin inviting health providers from various sectors of the community to upcoming meetings to gather information for the H2P2 update. They plan to identify the infrastructure that needs to be built to meet Hawaii County health care needs.
- Honolulu** No meeting was held in August.
- Kauai** Mr. Keith Nitta, Kauai County Long-Range Planner, pointed out how the Kauai General Plan is unique - 1/4 million dollars was spent to insure public input during 100 community meetings, held in the six planning districts. Thus, adoption of the Plan took only five months (vs Hawaii County's eight years). The Planning Commission reviews development and building permits for consistency with the Plan. EMS services are exempt from zoning permits. Several guests spoke on the Wilcox-HPH merger. About 40 of 140 Wilcox nurses are not expected to return after the strike due to relocation, other jobs, etc. and there are issues with regard to the continuity of services (LTC and ADH), access to specialists, quality and finances.
- Tri-Isle** No meeting was held in August.
- West Oahu SAC & Windward Oahu SAC** No meeting was held in August.

Research and Statistics

The Certificate of Need Application Summaries and Decisions Files, Monthly SHPDA Update Reports and SHPDA Calendar web pages were updated.

Mailed out the 2005 Utilization Survey cover letters, instructions and forms to health care providers. The response rate was at 36% as of 9/5/06.
